Dear Friend of the Montrose Cemetery,

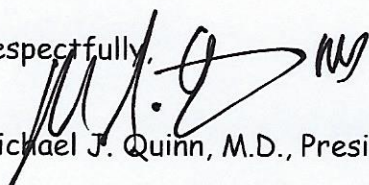

Several months ago, the Montrose Cemetery Board of Trustees erected a short section of black metal fencing on each side of the entrance gates. This replaced an old chain link fence that has been in place for many generations. The positive feedback we have received from community members has exceeded all expectations. Not only do people like the improved look they have encouraged us to complete the fencing along Sibley Street. Some people have been so impressed they have offered to contribute to the additional expense.

What we have done so far cost \$2,800. To finish the project will be an additional \$14,964 for a total of \$17,844. Since this expenditure is not in our budget, we have decided to initiate a onetime fund-raising campaign to pay for and complete the remaining fencing along Sibley Street. The opportunity to "donate" a 6-foot section would cost \$200 which would totally cover the cost of that section. This tax-deductible gift could be given in memory or in honor of a loved one or any person of the donor's choosing. For each section donated, the name of the person honored or remembered will be entered on a suitable plaque and displayed permanently in a prominent location in the cemetery. We consider this effort separate from our annual end of year, general maintenance campaign and hope you will also remember us at that time.

Our goal is to complete the fund raising by the end of September. If you like what we have done and think the beauty of the cemetery has been enhanced, please consider making a tax-deductible gift for a section of fence. We will be grateful for all donations no matter their size but acknowledgement on the plaque will be reserved for those making a section donation.

Thank you so much.

Respectfully,

Michael J. Quinn, M.D., President
